Sir,

Govt have sanctioned the establishment of Dispensaries for women and children in the towns of Kolar and Cheekmagalur. There are already female Hospitals at Bangalore and Mysore Cities. The remaining 4 Districts noted below have no female Dispensaries and the present application is for Shimoga, which is the 3rd Town in the Province.

1 Tumkur
2 Shimoga
3 Hassan
4. Chitteldroog.

The cost of establishment will be Rs 35 × 12 or 420 annually with an initial cost of Rs 192 on account of furniture besides the cost of building. The charge is debitable to municipal funds of Shimoga and D. F. of the Shimoga Circle. At present however the D. F. of Shimoga is indebted to an extent of about Rs 40000 notwithstanding large retrenchments made in the Budget of 1893-4 & 1894-5

Sir, With reference to your Docket No $\frac{1842}{66}$ dated $\frac{19}{20}$th February 94, intimating

intimating that a sum of Rs 200/- has been provided in the Mumey Budget for the year 1894-95, as Contribution towards the Cost of the proposed Dispensary for women and Children to be in charge of a female Hospital assistant, I have the honor to State that the Sum thus provided for, and assuming that the District funds Contribute Rs 400/- which Comes to a total Rs 600/ per annum will, I fear, be in= Sufficient, if, as is probable, I may have only a 1st class Hospital assistant to Supply whose pay wont e Rs 600/- plus Rs 10/- charge -- 'lowance Establishment which wod . Rs 15/-, and Contingencees including Country medicines Rs 10/- per mensem, the total being Rs 1140/- per annum exclusive of Europe Medicines and appliances, which Government

Subsidy gratis

What I would propose for your Consideration under these Circumstances is to dispense with the Services of the present midwife, who is old, and whose pay is Rs 50/- per mensem, and from the saving thus effected give the female Hospital assistant Rs 15/- a month extra for performing the duties of midwife, and appoint a Native midwife on Rs 15/- a month, to work with and under the Hospital assistant.

This would effect a saving of Rs 20/- a month or Rs 240/- per annum, which would leave a balance of Rs 300/- to be provided for, and which might be done by a re = = arrangement of the municipal and District Fund Budgets to meet this charge.

This proposal would have the

advantage of providing two midwives, one a native whose services might be more acceptable to the majority of the people than those of the present one, who is a Eurasian, and the other (the Hospital assistant, who may or may not be a native), of higher qualifications in the midwifery line, exclusive of her medical knowledge, who would be competent to direct and assist the Native midwife in cases of — difficulty during parturition, and who would be able to give medical treatment to women recently delivered, where such may be required as it frequently is.

I request the favor of an early reply.

Bangalore

Sir,

I have the honor to forward for the Dy: Commr Shimoga District. submission to the Dewan Copy of my letter No 2388 of 28th February 1894, and of his No 2050 Ecn / of 17th March 1894 in reply thereto and to state that in my opinion it would in the interests of the inhabitants of the town of Shemoga, be desirable that my recommendation made should be accepted

2 - I propose to send 1st Class Hospital Assistant Mrs Sundramah Krishna Rao who holds the qualification of apothecary to Shemoga She is a smart nice mannered girl, well up in her profession, and there is no doubt in my mind that the people would prefer to have her services in cases of midwifery to those of the present midwife who is an old Eurasian, and who has not apparently been appreciated

&c -

3 Under these circumstances, and for the reasons stated in my letter above referred to, I think it is but fair that the Hospital Assistant should have some Midwifery allowance to remunerate her for the services which she will certainly be called upon to perform and to make her Contented with her appointment and willing to remain in a place which has otherwise but few attraction.

4 - In Chittagong an arrangement similar to that proposed for Shemoga has been carried out and the result is that they now have two qualified Midwives one the Hospital Assistant and the other the Native Midwife working with and under her, and I think that that is what they ought have in Shemoga.

5 - Personally I have no desire to remove the Midwife at Shemoga and if the Municipality are averse to it from motives of Compassion the best thing they could do would be to do as I recommended and pension her on the Rs 20/- award or if they will do that to give the female Hospital Assistant the Rupees 15/- extra for the reasons stated

which

which would of Course be in addition to her Charge allowance.

I have the honor to be

Sir,

With reference to your docket No. 1842/64 dated 19/20th Feby/94, intimating that a sum of Rs 200/- has been provided in the Municipal Budget for the year 1894-95, as Contribution towards the cost of the proposed disp.y for women and children to be in charge of a female Hospital assistant, I have the honor to state that the sum thus provided for, and assuming that the district funds Contribute Rs 600/- which Comes to a total Rs 800/- per annum, will, I fear, be insufficient, if, as is probable, I may have only a 1st class Hosp.l asst.e to supply whose pay would be Rs 60/- plus Rs 10/- charge allowance, - Establishment which would be Rs 15/- and - Contingencies including Country medicines Rs 10/- per mensem, the total being Rs 1140/- per annum Exclusive of Europe medicines and appliances which Govt may supply gratis.

Consideration under these circumstances is — to dispense with the services of the — present midwife, who is old, and whose pay is Rs 50/- per mensem, and from the saving thus effected give the female Hospl asstt Rs 15/- a month extra for performing the duties of midwife, and appoint a native midwife, on Rs 15/- a month, to work with and under the Hospl assistant.

3. This would effect a saving of Rs 20/- a month, or Rs 240/- per annum, which would leave a balance of Rs 300/- to be provided for, and which might be done by a rearrangement of the Municipal and district Fund Budgets to meet this charge.

4. This proposal would have the advantage of providing two midwives, one a native whose services might be more acceptable to the majority of the people than those of the present one, who is a Eurasian, and the other (the Hospl asstt, who may or may not be a native) of higher qualifications in the midwifery line, exclusive of her medical knowledge, who would be competent to direct and assist the native midwife in cases of difficulty during parturition, and who would be able to give medical treatment to women recently delivered where such may be required as it frequently is

to the Dewan of Mysore

Sir,

In reply to Government Pro: No. 15929-30 L.F. 206-93 of the 23d March last on the subject of establishing a dispensary for women and children in the Town of Shimoga, I have the honor to state that the Municipal Board has agreed to bear the full cost of the dispensary, excepting the cost of—

European medicines, and the pay of the Female Hospital Assistant, until such time as the District Fund Board is in a position to bear its share of the cost of the Institution I therefore request that you will be good enough to move the Government to accord its sanction to establish the dispensary in question.

2. In order to secure the services of the only Female Hospital Assistant now available, it is proposed to open the dispensary as early as possible.

A revised reappropriation statement, providing funds for the cost of the establishment &c. is submitted for sanction together with an extract from the Proceedings of the Municipal Board dated 31st Ultimo.

I have the honor to be
